- White Level \$1,000

The RC Community Foundation recognizes a need to bring our communities together to improve the opportunities and facilities our students have available to them each day.

The first phase of this project is a baseball/softball field and additional parking. But it is so much more than a field – it is a place where students, community and athletics can come together. The long-term vision includes a second baseball/softball field, a football field/track and community wellness center, plus a second entrance to the school campus.
